Police Kiosk near Palace DEMOLISHED

Mysuru, Nov. 19 (MTY&BS)- Following severe exception taken by heritage experts, the City Police have finally removed the Police Information Kiosk built near Kote Anjaneyaswamy Temple at the Balarama Gate of Mysore Palace.

It may be recalled, *Star of Mysore* had published a news item titled ***'Police Kiosk springs up near Palace'*** on Nov. 6 highlighting heritage regulations, which doesn't permit the construction of any structures within 100 mts radius of a protected monument without prior approval from District Heritage Committee.

Devaraja Police had built the structure on a concrete platform, which was painted in bright red, blue and white, featuring a flashy commercial advertisement that clashes with the heritage aesthetics of the area. The structure was demolished yesterday.

This Kiosk was one among the several such structures built near Ramaswamy Circle, Gun House Circle and several other places in city. The main intention behind these Kiosks is to enable the tourists with timely help by providing required information and services in case of any emergency.

GPS device in victim's stolen car helps Cops track the accused in Bengaluru

Mysuru, Nov. 19 (RK&KS)- Mandi Police have arrested the prime accused, who along with two others assaulted and looted an engineer of cash and valuables near J.K. Grounds around midnight on Nov. 12.

After committing the crime, the three accused had sped away in a Maruti Baleno car of the engineer.

The arrested prime accused has been identified as 30-year-old Yashwanth of Belur in Hassan district. He was arrested in Bengaluru yesterday and the Police have recovered car and other items besides launching a hunt to nab two others.

The victim, 42-year-old Akash Aditya, a resident of a layout near Hadajana in Mysuru, had taken up a swimming pool construction contract at a hotel near Metagalli.

On that fateful day, he had stopped near City Railway Station for tea before returning home, when the three accused approached him and asked him where they could buy liquor at that hour. When Akash replied in negative, they asked him to drop them near Sub-Urban Bus Stand.

Minor rides scooter; father fined Rs. 25,000

Parents of underaged riders, drivers beware

Mysuru, Nov. 19 (KS)- The father of a minor boy has been fined Rs. 25,000 for allowing his underaged son to ride a scooter on public roads.

The minor boy, a resident of Kumbarakoppal, was riding a TVS Jupiter scooter, when he was caught by VV Puram Traffic Police near Vijayanagar 4th Stage traffic signal. The Traffic Police, who advised the minor boy against riding two-wheeler, had urged a City Court to make the scooter owner as accused in the case, following which, the 2nd JMFC Court Judge imposed a fine of Rs. 25,000 on the father, the scooter owner, for giving the vehicle to his minor son.

This incident serves as a warning to parents who allow their underaged children to drive or ride vehicles. Also, a criminal case will be registered against such parents or vehicle owners.

EDITOR'S BOTTOMLINE

WHY DO WE LOVE SORROWFUL SONGS?: ***The mind is skilled at holding on to sorrow, which is why most people are drawn to sad songs. Though songs are written about both joy and grief, the mind wants to listen to joyful songs only occasionally, but it seeks out melancholy poetry again and again. It keeps trying to extract a taste of happiness from sorrowful songs, but the opposite happens — sad songs pull the mind down to even deeper layers of sorrow.***

Moreover, when a sorrow-filled song or verse is written, the writer, too, is immersed in that same sadness, which allows them to express the state of grief with clarity and depth. Thus, a song born from one sorrowful mind becomes a song for another sorrowful mind. Such songs then become popular and even win awards worldwide because they resonate with the masses' emotional state.

The mind's relationship with happiness is formal, false and superficial. Deep within our consciousness lies not joy but the accumulated sorrow of many lifetimes. The mind keeps searching for happiness throughout life, yet it finds its real taste only in sorrow, because it has bonded itself with pain, grief, separation, heartbreak and loss.

Life is a garland of both joy and sorrow; yet the mind lets moments of happiness slip away while it clings to moments of sorrow, surrounding itself with sadness from the past, present and future. This is why people take an interest in news about violence, theft, murder, lies, assault, conflict and slander — and recognising this collective sorrow, the media too presents similar news.

But life is not meant to remain entangled in suffering; it is meant for experiencing bliss. Just as the depths of the mind hold sorrow, the level of pure consciousness holds bliss. To help one reach this level of consciousness, our sages created practices such as mantras, hymns, devotional songs and meditation. By adopting and chanting them, a person can cut through the layers of sorrow within the mind and experience true joy.

The Bhagwad Gita says that the wise man to whom pain and pleasure are alike and who is not tormented by these contacts, becomes eligible for immortality. He who is desireless, self-reliant, independent and free of bonds functions like a dead leaf blown about by the wind of causality, explains the Ashtavakra Gita.

The body experiences cold and heat, mind experiences joy and sorrow, the intellect experiences gain and loss and ego experiences honour and insult. But consciousness is pure bliss and love. When we abide in our pure blissful nature, we rise above cold and heat, joy and sorrow, gain and loss, honour and insult. — *Surakshit Goswami in The Times of India*

The world's only vegetarian spider

San Salvador: There are around 45,000 species of spider in the world, all of them carnivorous, with one exception — Bagheera kiplingi, a jumping spider known for feeding almost exclusively on plants.

Native to the forests of Central America and Mexico, Bagheera kiplingi is only 5-6mm long and spends most of its time on the old leaves of acacia trees, waiting for their opportunity to snatch their favourite meal — the Beltian bodies that grow on the very tips of young acacia leaves.

There is only one problem, in order to gorge on their meal of choice, these tiny jumping spiders need to go through a gauntlet of aggressive ants that also feed on Beltian bodies, quickly clip it off with their fangs and then run away to a safe place to feast on it. Rich in lipids and proteins, Beltian bodies are very nutritious for insects, but extremely unusual for arachnids, the vast majority of which are carnivorous.

'Miracle Dog' crawls out of its grave

Yeongcheon: Hosun, a South Korean dog who suffered severe injuries and was thought to be dead after being hit by a truck, gained legendary status after crawling out of its grave and walking home.

The pup was only a four-month-old when she was hit by a truck close to his home in Yeongcheon. Her injuries were so severe that a neighbour thought her to be dead and buried Hosun in a shallow grave in a nearby field and informed her owners when they came home.

However, four days later, Hosun's owners heard a dog wailing near their home and were shocked to find their beloved pet, terribly injured, but alive. Because the man buried her in a shallow grave, she was able to dig herself out with her from paws and then slowly crawl toward her home.

- *Ancient Indian ships were built using a technique called "stitched" construction, where planks were sewn together with coir ropes and were made of teak wood. Reviving Bal Bhavan...

No Child's Play

Only promises, plans, but no progress; Rs. 4.9 crore revival stuck in red tape

Mysuru, Nov. 19 (MK&BS)- Jawahar Bal Bhavan, once a vibrant hub of children's entertainment and education, now wears a deserted and forgotten look. Prolonged mudslinging between elected representatives and officials has reduced this once-popular destination to an abandoned spot.

Standing on a sprawling 10-acre tract within the premises of the District Child Protection Officer's Office of the Department of Women and Child Development, adjacent to the Torchlight Parade Grounds in Bannimantap, Bal Bhavan remains defunct.

Ironically, this has been its pitiable condition for the past 15 years, despite the establishment of an exclusive Jawahar Bal Bhavan Society meant to oversee its functioning. None of the development proposals related to Bal Bhavan were effectively implemented, leading to its present state of disrepair, with unchecked growth of weeds and shrubs reflecting sheer neglect.

Stuck in Urban Development Department

The 10-acre land was originally allotted to the Bal Bhavan Society under a 30-year contract in 1979 by the then City Improvement Trust Board (CITB), now the Mysuru Development Authority (MDA). The contract was later extended by another 30 years, but the final approval from the Urban Development Department is still awaited.

Bal Bhavan is located in Narasimharaja Assembly Constituency, represented by MLA and former Minister Tanveer Sait. He had conceptualised a development project worth Rs. 4.9 crore in 2012-13 to revive Bal Bhavan. The project was discussed and approved in the MDA meeting, but work stopped midway due to the non-sanctioning of funds and non-compliance with the approved plan during execution.

Flicker of hope

Hope resurfaced in 2020 when Chikkamma Basavaraj took charge as Chairperson of the Bal Bhavan Society. Chikkamma facilitated the extension of the contract period and prepared a comprehensive action plan of Rs. 11 crore.

The proposal included Rs. 1.20 crore for relaying the toy train track and related works, Rs. 2.8 crore for a new building, Rs. 1.8 crore for an auditorium, Rs. 90 lakh for boating facilities, Rs. 70 lakh for a function hall, Rs. 13.5 lakh for toilets and Rs. 14 lakh for seating arrangements. However, the plan continues to remain on paper with no signs of progress.

Meanwhile, the play area with gaming equipment lies covered in dust and rust and the toy train track is overrun with grass. The Rangamantapa is engulfed by thick undergrowth and the main building is on the verge of collapse. Except for the compound wall, the remaining facilities stand as relics of the past.

The apathy of authorities has turned the premises into a safe haven for wayward individuals, who freely use the area for partying. The Police, too, have converted the open space into a storage yard for barricades used during events.

Speaking to *Star of Mysore*, Joint Director of the Women and Child Development Department Basavaraju, said that the prolonged delay in approval from the Urban Development Department is primarily responsible for the current state of Bal Bhavan.

While MDA has given its consent to extend the contract period, the Urban Development Department's inaction has stalled all development efforts.

Have discussed with DC: MLA Tanveer Sait

Former Minister and Narasimharaja MLA Tanveer Sait said that a comprehensive action plan worth Rs. 4.9 crore had been prepared to transform Bal Bhavan into a vibrant children's destination.

The proposal included constructing entry and exit gates designed after the National Animal and the National Bird.

"I had also assured MLALAD funds for the project. As the works had halted midway, I held discussions with the Deputy Commissioner a month ago. If the MDA fails to release funds, efforts will be made to seek budgetary allocation," assured Sait.

'Bal Bhavan must become a hub of activity'

"Bal Bhavan should be a daily hub of activity, as it was once the pride of Bannimantap. Though conceptualised during the CITB tenure, MDA came into the picture later. I will speak to the authorities to facilitate the works."

— D. Madegowda, former CITB Chairman

'Need to examine why works were stopped'

"I have no idea why the works were halted, but only the compound works were taken up and then stopped. The work will be restarted after examining the related facts."

— G. Lakshmikanth Reddy, Deputy Commissioner and MDA Chairman

'Detailed Project Report pending approval'

"Five to six years ago, a Detailed Project Report (DPR) was prepared and the compound wall was constructed to secure the premises. However, the DPR is still pending approval. I will ascertain the reasons behind the delay."

— K.R. Rakshith, MDA Commissioner

Mysuru-based Excelsoft Technologies goes public

Sudhanva

Mysuru, Nov. 19 (VNS) - Mysuru-based Software as a Service (SaaS) company, earlier known as **Excelsoft Technologies Private Limited** and now known as **Excelsoft Technologies Limited,** has gone public with Initial Public Offering (IPO) opening for bidding this morning.

The company aims to raise Rs. 500 crore through IPO, which includes a fresh issue of 1.50 crore shares worth Rs. 180 crore and Offer of Sale (OFS) of 2.67 crore shares worth Rs. 320 crore.

The window for subscription will be open till Nov. 21 from today (Nov. 19) and the allotment is expected on Nov. 24.

The shares are also likely to be listed at the Bombay Stock Exchange (BSE) and National Stock Exchange (NSE) on Nov. 26.

Speaking to *Star of Mysore*, Excelsoft Technologies Limited Chairman and Managing Director Dhananjaya Sudhanva, said "the company had been through a journey of raising venture capital as well as getting partners. By the time the company exited them, the business was on stable mode and growing. We have visibility into next two years on the order book which gave us the confidence that it was a good time to do an IPO. This is purely from where we began to the time we decided to an IPO."

Price band for the IPO has been set between Rs. 114 and Rs. 120 with investors bidding for a minimum of 125 shares and in multiples thereof.

Excelsoft Technologies will utilise proceeds for purchase of land and construction of new building in Mysuru and for upgradation of existing facility.

Sorry state of CCTV cameras at City Railway Station

Mysuru, Nov. 19 (BLU&BS)- The City Railway Station has 39 Close Circuit TV cameras, but are of little or no help in the augmentation of security surveillance at the most busiest transit point.

Majority of 31 cameras produce blurry visuals, while eight cameras have gone defunct, awaiting repair since several years. Two cameras were removed recently, owing to difficulties faced in the repair works. The cameras have been connected to the Railway Protection Force (RPF) Control Room, to keep a tab on the happenings through two LED Screens.

Of the 31 cameras, 17 are connected to one screen and remaining 14 to another. The Central Processing Unit (CPU) of the screen attached to 17 cameras is hit by technical snag, making it difficult for RPF personnel to monitor the activities.

While CCTV cameras have become integral to probe cases for the Police, especially when the suspects are on move, the cameras installed at this railway station remaining partially functional, prove otherwise.

Recently, when the Police were investigating into the chilling rape and murder of a minor girl hailing from Kalaburagi, opposite Dasara Exhibition Grounds in the city, the investigators had accessed the cameras at the railway station. It was based on the suspicion that, the suspect may have gone elsewhere through train. However, the visuals of most of the cameras lacked clarity, yielding no help to the sentinels.

When the City Police have incorporated Artificial Intelligence (AI), with several such cameras aided by modern technology installed at traffic signals to monitor traffic offenders, the blatant attitude of Railway authorities in adapting to new age technology sparks concerns.

Recently, the bomb blast in a car near Red Fort in Delhi, that claimed 15 lives, triggers the need for heightened security measures. Any minute negligence may have larger repercussions, given the volume of passenger traffic handled by the City Railway Station, consisting of two entry gates, six platforms, subway and parking lots.

Postal Trainees on Heritage Walk

As part of Heritage Week celebrations, Department of Archaeology, Museums and Heritage, Govt. of Karnataka, conducted a Heritage Walk for trainees at Postal Training Centre (PTC) in city this morning. The walk began from Town Hall premises with Heritage expert Prof. N.S. Rangaraju explaining about the history of Town Hall and later about Chamaraja Wadiyar at Chamaraja Circle and also about the history of Mysore Kingdom, Mysore Palace and contributions of Mysore Maharajas and Maharanis. Later, the postal trainees were also briefed about Nalwadi Krishnaraja Wadiyar and the history of Dufferin Clock Tower.

Prime accused arrested

(Continued from page 3)

Akash then took them in his car near the Bus Stand where they bought a bottle of liquor and made Akash to pay for it. The accused then asked him to drop them to the Railway Station but later took him near J.K. Grounds gate, dragged him inside, assaulted him brutally, rendering him unconscious and had made away with valuables and his car.

Following a complaint from Akash, Mandi Police who had registered a case, began their investigation and tried to track the mobile phone location of Akash, which was stolen by the accused. But the phone was switched off. Luckily, Akash's car had a Global Positioning System (GPS) device which the accused were not aware of.

Mandi Police then tracked the car in Bengaluru in which prime accused Yashwanth was moving around and arrested him.

It is learnt that accused Yashwanth is a habitual offender who used to steal mobile phones, laptops, purse etc. in Mysuru, Bengaluru, Hubbali and Dharwad trains.

On Nov. 12, when he was in Mysuru, he came to know about two other accused in the case near the Railway Station.

After buying them liquor, he hatched a plot to commit robbery along with them. When Akash came near the Railway Station for tea, the three accused targeted him and looted him, Police sources said.

Jumbo rescued from canal

Malavalli, Nov. 19 (MTY&KS)- A wild elephant which was trapped in a 60-feet deep canal near Shivanasamudra (Bluff) in Malavalli taluk since two days was rescued by the Forest Department yesterday and released into the forest.

The elephant, aged between 10 and 12 years, was trapped in the canal since Saturday (Nov.15) after it was caught in strong current while drinking water from the canal, which supplies water to a private power generation plant near Bluff. The employees of the power plant informed Forest Department when the tusker failed to get out of the canal even after a day.

Soon, Forest Department officials and staff arrived at the spot . After holding discussions, they decided to rescue the elephant. On Nov. 17, the Forest Department urged the officials concerned to reduce the outflow from KRS and Kabini Dams, following which the level of water in the canal was reduced in the evening. The staff then tried to direct the elephant through the gate from which it had entered the canal, but in vain. Finally it was decided to tranquillise the elephant and lift it out of the canal using a heavy duty crane.

As the elephant had not consumed any food since two days it had become weak. Hence the elephant was fed with sugarcane, green grass and watermelons among others. A heavy duty crane and a huge truck were also brought to the spot and the rescue mission was taken up.

Yesterday morning, Veterinarians Dr. Ramesh and Dr. Adarsh, tranquillised the elephant by shooting two darts. When the jumbo fell into a state of sedation, the Forest Department staff entered canal. With the help of a crane, elephant was lifted and placed on the metal cradle-like structure, before lifting the cradle and placing it on the canal bund. The elephant was then placed on to the truck and taken to Cauvery Wildlife Sanctuary. After the elephant woke up, it was released inside the sanctuary.

Mandya DCF Raghu, Mysuru DCF Dr. I.B. Prabhu Gowda, sharp shooter Akram, Mysuru Zoo Executive Director P. Anusha and others were present.

JD(S) to celebrate Silver Jubilee on Nov. 21, 22

Former Minister S.R. Mahesh seen addressing the presspersons at a private hotel on JLB Road in city this morning as (from left) former Corporator SBM Manju, former Mayor M.J. Ravikumar, MLC C.N. Manjegowda, former MLA M. Ashwin Kumar, Hunsur JD(S) MLA G.D. Harish Gowda and MLC K. Vivekananda look on.

Mysuru, Nov. 19 (BLU&DM) - Hunsur JD(S) MLA G.D. Harish Gowda said that with the JD(S) completing 25 years of its formation, the party will be organising Silver Jubilee celebrations in Mysuru city and at every Ward in all cities, towns and villages across the State on Nov. 21 and 22 under the guidance of party supremo and former Prime Minister H.D. Deve Gowda and Union Minister H.D. Kumaraswamy.

Addressing a press meet at a private hotel on JLB Road here this morning, Harish Gowda said that the programme features sensitising the public on the party's journey in the last 25 years, its performance and achievements.

Former Minister S.R. Mahesh in his address, said that the party Supremo H.D. Deve Gowda is known for many a public movement in his political career spanning over 6 decades. He pointed out that the party Supremo is fighting even at a ripe age of 93 years, which goes to show his commitment for public causes.

Pointing out that the Silver Jubilee celebrations of the party will be held on Nov. 21 and 22 across the State, Mahesh said that fruits will be distributed to patients in a number of Hospitals in the city on both the days. "The programme will be first organised in Mysuru and subsequently, a larger programme will be held at Bengaluru," he noted.

Commenting on the possibility of dissenting JD(S) MLA G.T. Devegowda (GTD) taking part in the celebrations, Mahesh said that GTD may attend at his own convenient time. At present, GTD is busily engaged in taking part in the Centenary celebrations of Co-operative sector, he said adding that GTD's son Harish Gowda is actively taking part in all party programmes. He further said that GTD too will be invited for the celebrations just as he has been invited for other party events in the past.

On safari ban

Taking strong objection to the Forest Department's decision to suspend Safari in forests as a measure for preventing man-wild animal conflicts, the former Minister said the Safari suspension has rendered many jobless and penniless. Arguing that Guides, vendors, Guest House workers and all others dependent on Safari tours for livelihood are badly hit by the suspension, he said that Government should have looked at other alternatives for preventing man-animal conflicts.

Demanding action against illegal resorts that are mushrooming in backwaters and at other places which pose a threat to wildlife, he reiterated that it is not correct to blame safari for wild animals straying into villages and other human habitats.

MLCs C.N. Manjegowda and K. Vivekananda, former MLA M. Ashwin Kumar, former Mayor M.J. Ravikumar and former Corporator SBM Manju were present.

WORD OF THE DAY

Crucible

Pronunciation: KROO-suh-bul (noun).
Meaning: A crucible, in the word's literal use, is a pot in which metals or other substances are heated to a very high temperature or melted. But crucible is more often encountered in figurative use referring to a difficult test or challenge, or to a place or situation that forces people to change or make difficult decisions.
Origin: Unless you're studying Arthur Miller's The Crucible in school, it may not be crucial to learn the story behind crucible, but it can't hurt! Crucible looks like it should be closely related to Latin combining form cruc- ("cross"); however, unlike crucial, it isn't. It was forged instead from Medieval Latin crucibulum, a noun for an earthen pot used to melt metals, and in English it first referred to a vessel made of a very heat-resistant material used for melting a substance that requires a high degree of heat. It's possible that the resemblance between cruc- and crucible encouraged people to start using crucible to mean "a severe trial," as that sense is synonymous with one meaning of cross, but the idea of simmering in a literal crucible also sounds plenty severe. The newest sense of crucible ("a situation in which great changes take place," as in "forged in the crucible of war") recalls the fire and heat required to transform some solids into liquids.
Example: "... the original film follows four married couples—close friends who reunite once a year for a week-long vacation together. On the surface, the retreat is meant to help them relax and reconnect, but it quickly becomes a crucible for examining the cracks in their relationships." — Matt Grobar, Deadline, 1 Oct. 2025.

THE ODD WORD

Calamanco

PHRASE OF THE DAY

Comfort food

Meaning: 'Comfort food' is food that gives emotional comfort and provides a nostalgic or sentimental feeling to the person eating it. It's usually prepared in a traditional way and reminds the person of her childhood, home, family and friends.
Origin: The first known use of the term was in 1966 May edition of *New York Times,* in a book by Theodore Isaac Rubin, 'The thin book by a formerly fat Psychiatrist': "Think thin... lose weight... learn about ammunition foods, comfort foods and emergency foods."
Example: Jessie – "Every time I get upset, I ask my husband to make me a big bowl of Grandma's delicious creamy Mac & cheese and imagine myself sitting in her kitchen, with not a worry in the world." Emma – "Wow, that sounds like the perfect comfort food. The only thing my Grandmother could make was Apfelstrudel and I hate apples."
